

*Fiddleback*  
Australian Hardwood

## Key Features

- › Extremely stable with excellent wear resistance
- › Spotted Gum Janka 11kN
- › Impact resistant, durable and stable
- › Blackbutt Janka 9.1 kN
- › Available in the resource efficient 0.6 mm Micro-veneer or the traditional 3.0 mm sawn cut wear layer. Both thicknesses provide excellent durability for residential use.

Spotted Gum

## Your Peace of Mind

Introducing our unique Fiddleback Engineered Australian Hardwood collection. It's available in the ever popular Spotted Gum and Blackbutt. Fiddleback wear layers combine the classic features of our Australian Eucalyptus bonded onto an ever reliable Plywood core. This creates an authentic Australia timber visual with the associated stability and durability of an engineered timber construction.
